

OPEN PUBLICITY THE BEST GUARANTEE OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, refined glycerine, of proper strength, being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famous medicine is advised. No other medicine for women has any such glowing endorsement—worth more than any number of ordinary testimonials. If interested, send me address to Dr. R. C. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's free for the asking.

FOUNTAIN CITY WON GAME

T. A. P. Basket Ball Team of City League Couldn't get Together in the First Half.

The T. A. P. basket ball team which seems to have every thing cinched in the city league in this city, fell down before the fast Fountain City team Saturday night by the score of 44 to 31. The local boys could not play together during the first half and could not stop the furious playing of Hunt and Scarce of Fountain City, these two men scoring almost at will. The first half ended the score standing 31 to 9 in Fountain City's favor.

In the second half the T. A. P. team got together with a rush and their swift playing carried the Fountain City men off their feet. It is probable that a return game will be played in this city some time during the season as a curtain raiser to one of the Earlham games in the Coliseum.

A Fraternity Banquet.

The C. I. G. football fraternity, composed of high school lads, banqueting the S. I. G.'s, also a high school fraternity, at the home of Carl Allison on North 13th street, last Saturday night, and a most enjoyable evening was spent.

The banquet was served at 10 o'clock and consisted of two courses. On the night of Dec. 8th the S. I. G.'s will banquet the C. I. G.'s at the home of their president, Kenneth Karns, on North Eighth street.

NO MAIL DELIVERY ON RURAL ROUTES THURSDAY

In accordance with the rule of the postoffice department, the rural routes will not work on Thanksgiving day. Because of the fact that many rural route patrons forget the existence of this order complaints are 'phoned to various postmasters on holidays because of the failure to receive mail. Wayne county rural route residents will receive no mail next Thursday.

A Woman's Gratitude

"For more than a year I had been a sufferer, completely broken down. I had not slept but two or three hours any night for weeks. I had such awful misery in my head, and oh, I was so irritable. I could not depend upon my judgment, and my memory was failing. I realized that I was losing my mind, and I thought the grave, or worse, the asylum, would be my doom. My doctor said my case was beyond the reach of medicine. I went to a druggist and told him my condition. He recommended Dr. Miles' Nervine; he was pretty sure it would help me, so I bought a bottle. That night I took a table spoonful and fell asleep in a few minutes, the first rest I had in weeks, and oh, I will never forget that sweet sleep while I live. I have continued taking it, and sleep like a baby, and gain rapidly."

MRS. VIOLA BARKER, Orange, Texas.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

RUSHVILLE GAME TO CLOSE SEASON

High School Lads Will Journey to Rush County Thanksgiving Day.

HARD CONTEST EXPECTED

RUSHVILLE PAPER CONTAINS ARTICLE WHICH LEADS RICHMOND PLAYERS TO FEAR RINGERS MAY BE USED.

The Richmond high school football team will close its season at Rushville next Thursday, when it meets the high school team of that city.

The Richmond boys will be handicapped, as they have not played for two weeks and several members of the team are not in as good physical condition as could be wished.

The Rushville Republican of a recent issue said that the Rushville team was practicing hard, and stated that Capt. Stiffler had added more weight to his team in the past few days. The Richmond boys are at a loss to understand the statement, because of the fact that it is generally recognized that the captain of a team gets as weighty and speedy a team as he can get together, early in the season, and they do not see where the Rushville captain got his heavier material unless he has run in some ringers on his team.

The game will be the game of the season at Rushville and the high school lads of that city are making preparations to entertain a large crowd of visitors, both at the game and at the dance which will be given to the visitors Thanksgiving night. They are expecting delegations from Connersville, Greensburg and New Castle.

The Richmond lineup follows: Tallant and Silberman, L. E. Schaefer, L. T. Hobson, L. G. Karns, Center; Murray, R. G. Graves, R. T. Spangler, R. E. Allison, R. H. B. Haas, F. B. Cain, L. H. B. Substitutes, Williams and Chapman.

6,000 RABBITS AND 2,000 BIRDS CONDEMNED

[Publishers' Press.] Washington, D. C., Nov. 25.—As the result of a crusade against impure food the health department has condemned and soaked in kerosene over six thousand rabbits and two thousand and game birds found for sale in market house stalls, or at express offices. On the leg of a rabbit in a shipment from Tennessee was found a note which read:

"Mister—Give me the money for them by return mail. I need the money!" JIMMIE WINES."

MODES OF THE MOMENT.

It is said that more coats in black and white, tan and gray, will be worn than in pinks and blues and colors. Lime green is one of the new shades. Lace gowns for evening are being trimmed with quillings and flower designs of narrow satin ribbon.

Evening coats and wraps are nearly all made with sleeves. There is no tremendous variety about them. They are nearly all three-quarter length, either plaited or cut circular, so as to fall in ample folds.

The boas and neck ruffs are of endless variety. They are always becoming, and as far as they are concerned there is no end to the future existence. They are made of every color and design of chiffon, net, tulle, lace, mousseline and malines.

The striped velvets and velutinas are very beautiful. An exquisite material of finest voile, with a three-quarter inch white stripe of velvet, comes in several lovely shades. A violet verging on plum, a bronze green, taupe, fawn and a rich blue are some of the best colors.—New York Post.

PLAYS AND PLAYERS.

The Girl in the Red Domino will dance in grand opera for Hammerstein this winter.

"Mrs. Warren's Profession," Arnold Daly's stumbling block, has met with approbation in Vienna.

Alexander Clarke has made a hit in the leading comedy role of "The Student King," the latest DeKoven success.

"The Geisha" is being played in Naples, Milan, Paris and London. In Paris it is being given at the Moulin Rouge.

"Matt of Merrymount" is the name of a new romantic play produced recently by Fred Terry and Julia Neilson in England.

Clo Graves has completed a play for Eleanor Robson, which is to follow the production of Zangwill's "Nurse Marjorie" in New York.

MODERN MAXIMS.

When you are satisfied with your success you will begin to wither, shrivel up.

It pays to appreciate and to be appreciated, at the same time to stay on the ground.

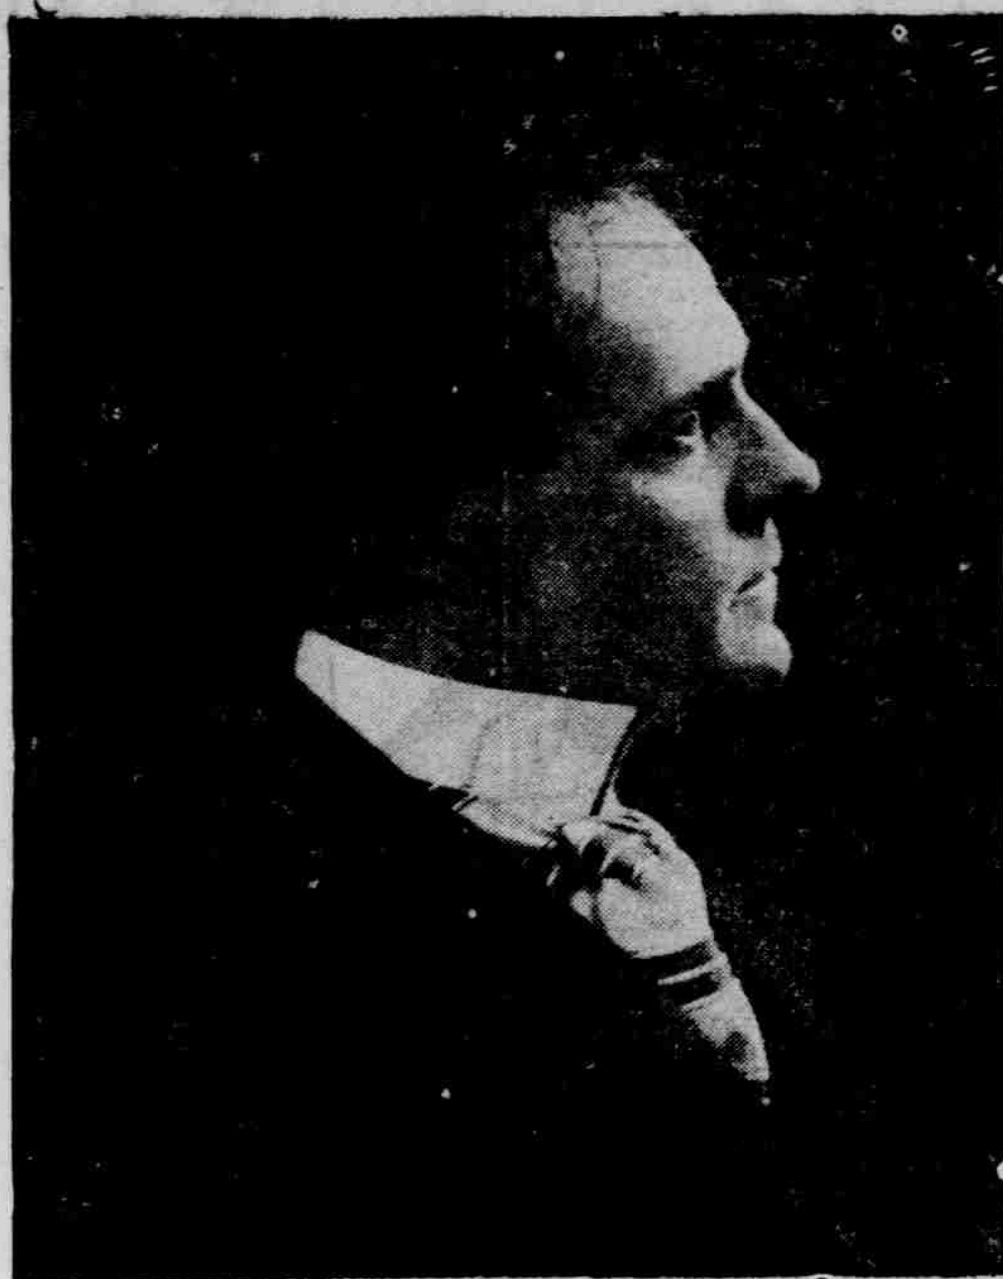

Statistics show that great mental workers are, as a rule, long lived. Activity is conducive to longevity.

Whoever uplifts civilization is rich, though he die penniless, and future generations will erect his monument.

There is a great difference between a wish and a dogged resolution, between desiring to do a thing and determining to do it.

If you talk poverty, think poverty and act poverty long enough you will be convinced that there is nothing but poverty for you.—Success.

CHARGES OF COWARDICE ONE KILLED; SEVEN HURT

AGAINST LIFE SAVERS

Said that Four Men on Lake Michigan Could Have Been Saved from Drowning Had the Crew Not Been Afraid to Rescue Them.

[Publishers' Press.] Holland, Mich., Nov. 25.—Holding that the four men drowned in Wednesday's storm off the new Holland breakwater might have been rescued had a resolute effort been made to reach them, P. P. Schnorback, of the Bennett-Schnorback Company, the contractors on the breakwater, will prefer charges of cowardice and neglect at Washington against the Holland Life Saving crew.

Mr. Schnorback will be joined in his complaint by N. P. Nelson, father of Assistant United States Inspector A. H. Nelson, of the life saving service. The four victims of the tragedy were caught in the crib in sight of shore. The lifeboat put off to rescue them, but turned back, Schnorback and Nelson say, when within hail of the drowning men. The life savers assert that the sea was such as to make further attempt to reach the crib suicide. Schnorback and Nelson, who watched them from the pier at Holland, admit there was risk, but think the crew should have taken it as a part of their duty. The complainants say they will appeal to President Roosevelt himself if necessary.

VEHICLE FACTORIES ENJOY GOOD BUSINESS

Richmond's three vehicle factories are all in the midst of a busy season as a result of large orders placed at this early date for next season's deliveries. Despite the great and rapid growth of the automobile business, the demand for other vehicles is not only keeping pace with the days before the auto, but is growing as well. The Wescott Carriage Company is experiencing the biggest business in its career.

A TROLLEY CAR WRECKED

While Going at Rate of Twenty Miles an Hour Car Jumped Track, Skidded Down Embankment and Into a Tree.

[Publishers' Press.] Pittsfield, Mass., Nov. 25.—One passenger was killed and seven injured, one fatally as the result of a trolley car of the Pittsfield street railway company overturning today.

The dead: MRS. PATRICK SCANLON. James L. Bacon, of Pittsfield, a director of the company, received a severe scalp wound, and is in a serious condition tonight.

The accident occurred through a rock in the groove of the rails causing the wheels of the car to jump the track, the car skidding down a three foot embankment and crashing into a tree.

Mrs. Scanlon was on her way to attend the funeral of her sister in Armenia, N. Y. She leaves a husband and ten children.

The car was going about twenty miles an hour when the accident occurred, but no blame is attached to the motorman.

WHITECAPS CREATE A REIGN OF TERROR

Lafayette, La., Nov. 25.—One hundred white caps, masked, and armed with shotguns and pistols, created a reign of terror last night at Carenone near here, brutally murdering Antonio Domingue, a peaceable negro after robbing the man of his horse and buggy. They also held up a score of other negroes.

CELEBRATION BY CHICAGO IRISHMEN

Anniversary of Manchester Martyrs Night Observed by Big Mass Meeting.

MAYOR DUNNE PRESIDED

MEMBERS OF PARLIAMENT FROM IRELAND EXPRESSED HOPE OF GETTING HOME RULE WITHIN NEXT YEAR.

[Publishers' Press.] Chicago, Nov. 25.—Chicago Irishmen celebrated the anniversary of the Manchester Martyrs tonight with a monster mass meeting at Orchestra Hall.

President Daniel Hanrahan, of the United Irish Society, called the gathering to order, and Mayor Dunne, an Irishman, by birth, presided. M. J. Ryan, of Philadelphia, president of the United Irish League of America, made the address of the evening, outlining the work done in this country in behalf of those still on the "old sod" and predicting early victory in the fight in the British parliament for Irish home rule.

Other speakers were Richard Hazleton, member of parliament from North Galway, and Thomas H. Kettle, member from East Tyrone. The two members of parliament expressed confidence that home rule will be granted to Ireland by the Liberal party within another year.

"In what form home rule will come," said Mr. Hazleton, "it is impossible to forecast, but that it will be a satisfactory measure of autonomy we are confident."

"British government in Ireland will be made impossible," said Mr. Kettle, "if the people are disappointed again. Our mission to America is to prepare the Irish race for the dreadful crisis that will be upon the land of their fathers should home rule be again defeated by an obdurate English parliament."

FATHER RELEASED UNCLE IS CHARGED

[Publishers' Press.] Marion, O., Nov. 25.—Lena Guiffrit today obtained the freedom of her father, John Guiffrit, who was accused of murdering his wealthy brother, Joseph. She also caused her father's brother, Joseph, to be charged with the murder.

COMMANDER GARRETT WAS SWEEPED OVERBOARD

[Publishers' Press.] Washington, Nov. 25.—Lieutenant Commander Leroy O. M. Garrett, of the United States navy, in command of the fish commission steamer Albattross, was drowned last Wednesday by being swept overboard by a wave when the vessel was 500 miles west of Honolulu. Advice to this effect were received at the navy department today.

SAY BLACKBURN WAS DEFEATED BY FRAUD

[Publishers' Press.] Greensboro, N. C., Nov. 25.—The Republicans in the Eighth North Carolina Congressional District, which is now represented by Blackburn, Republican, are alleging that his recent defeat was brought about by wholesale fraud. They claim over 11,000 votes were cast. Blackburn is now preparing a contest of the election.

GOES TO MEET PRESIDENT WILL ARRIVE HOME TODAY

Secretary Loeb, Aboard the Sylph, Left Yesterday Morning for Hampton Roads, Where He Will Board the Louisiana.

[Publishers' Press.] Washington, Nov. 25.—Secretary Loeb left Washington this morning for Hampton Roads on the Sylph, to meet President Roosevelt, who is now on his way from Panama on board the battleship Louisiana.

Secretary Loeb will board the Louisiana at Hampton Roads and the party will be transferred to the Mayflower in the lower Potomac, probably at Wolf Trap light or Piney Point. No advice were received at the White House today regarding the location of the Louisiana, but the vessel is expected to reach Cape Henry about 5 o'clock Monday morning. If a quick trip is made the president will reach Washington late in the afternoon.

MIRCIA HOROZOWSKI TO TOUR AMERICA

[Publishers' Press.] New York, Nov. 25.—Among the passengers who arrived tonight on the steamer Tennyson from Rio Janeiro was Mircia Horozowski, the pianist, accompanied by his mother and little sister. He has just completed a tour of the South American republics, where he has played before the Presidents of Brazil, Argentina, Uruguay and Paraguay. A gold medal was presented to him by the President of Brazil. The youth, who is only 11 years old, has played before the Crowned heads of Europe and has an autograph from Queen Alexandra. He will make a tour of the United States.

HAD MURDERER FOUND

WAS WITHOUT FOUNDATION

Man Coming to Richmond Last Night From Dayton Told Exciting Story of How Dona Gilman's Slayer Had Been Discovered.

A man coming into Richmond from Dayton last night on an interurban stated that the murderer of Dona Gilman, of Dayton, had been apprehended in Cincinnati. The story adroit was that a traveling man by the name of Poole stopping at the Phillips House, Dayton, said that he had seen the person who committed the murder and the man had told him all the details of the tragedy. According to Poole's story, the man stated that his wife was away from home and as he had long loved the girl, he induced her to come to his house stating that his wife had returned and wanted to see her. The girl went and she met her death at his hands. The man also stated that he had dragged the girl to the weeds, in a square of his home where he left her body.

The Palladium investigated the rumor last night and found that no man had been arrested in Cincinnati and the Dayton authorities had heard of no such arrest. The rumor was also denied by the papers of both cities.

GERMAN GLEANINGS.

Germany holds the record for short sighted people. The percentage at twenty years of age is 54.

A human spinal column of the stone age recently found near Heidelberg was examined by Professor Hoffa, who discovered peculiarities in it which convinced him that the person to whom it belonged was a victim of tuberculosis.

In all the larger cities of Germany the locals of the national union have united into so called "trade union cartels" organizations, which, like the trades and labor councils of the United States, have the purpose of regulating uniformly matters common to all trade unions and of giving the trade unions of a place a uniform representation.

THE LINEN PRESS.

No good housekeeper neglects the linen press, and the care of it is one of the most important of housewifely duties.

The best form of a linen press is a narrow one from front to back, so that when opened all the contents are exposed to view, with no second row of things hidden away behind.

It is a serious mistake to keep linen constantly in a hot air cupboard, for, though it is thus always aired and ready for use, yet it will become discolored and the edges turn brown if so kept.

Stores which are not in current use may be wrapped in cloths and placed on the upper shelves of the press. The German "hausfrau" keeps broad embroidered bands, which she slips around her spare sets of linen.
